Emily--

We received the following comment through the governor's office. Could you please log this in as a citizen comment under M/047/0090? Dana asked me to draft a response. We should also print a copy and have it in the file. Thank you.

Paula telephoned the Governor's office in order to file a complaint. She heard that Tar Sands had been approved and she is not happy. She said that process uses way too much water.... water that is needed by the people and by the farmers. She wants the Governor to revoke the decision.
